Quilted Backpack GOOD LUCK

size 32 × 27 cm

IMPORTANT

- First, download the file to your computer.
- Select the printer settings "**Print in real size**" and print the first page.
- Measure the test square. The sides must be 5 cm.
- If it's fine, print the rest of the pages.

If the sides of the test square are not 5 cm long, double-check the printer settings. The function "**Print in real size**" must be selected.

* Cut the parts from the main and the lining fabric. You also have to cut the same parts from non-woven interlining FH140 in the same size. Use the same patterns for the interlining parts

* For those fabric parts that will be embroidered, you have to cut out the following parts from volume fleece FH640.

1 Front part: 1 x.

4 Upper part of the side pocket: 1 x, for example the right one.

5 Lower part of the side pocket: 1 x (opposite the upper part, on the left).

6 Flap: 1 x.

8 Handle: 1 x.

9 Bottom: 1 x.

Open inside pocket: 1 x.

* For the parts cut from the lining fabric (satin, atlas etc.), you have to cut the following parts from volume fleece Fh640.

2 Back part: 1 x.

3 Side part: 2 x mirror-inverted.

* For the main fabric details, also cut the following parts from Style-Vil (S-V).

1 Front part: 1 x.

2 Back part: 1 x.

4 Side pocket front: 2 x mirror-inverted.

5 Side pocket back: 2 x mirror-inverted.

8 Handle: 1 x.

9 Bottom: 1 x.

11 Open inside pocket: 2 x mirror-inverted.
